

# How to forget and re-establish beachnet+ connection: Windows

At the bottom right of the screen, click on the Wifi icon.

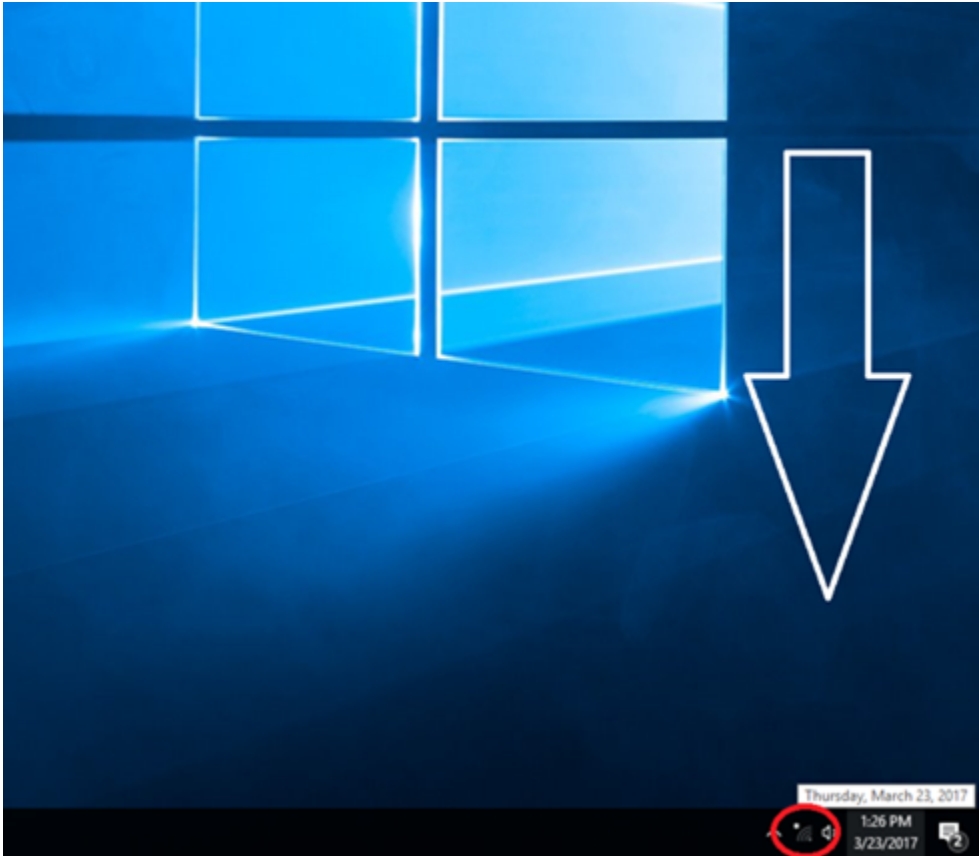

IMAGE 1: Windows desktop pointing at the Wifi icon

Once Wifi dock opens, click on the "Network Settings" link.

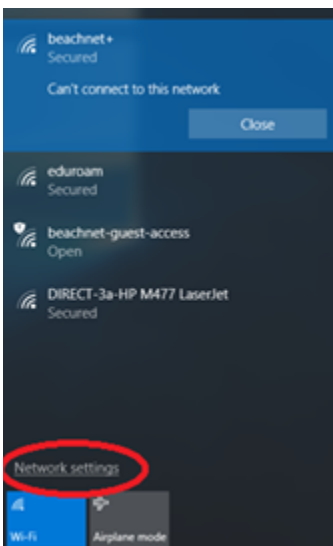

IMAGE 2: Wifi dock listing available networks and Network Settings

In Network Settings, Go to the "Wi-Fi" Tab and then click on the "Manage Known Networks" link.

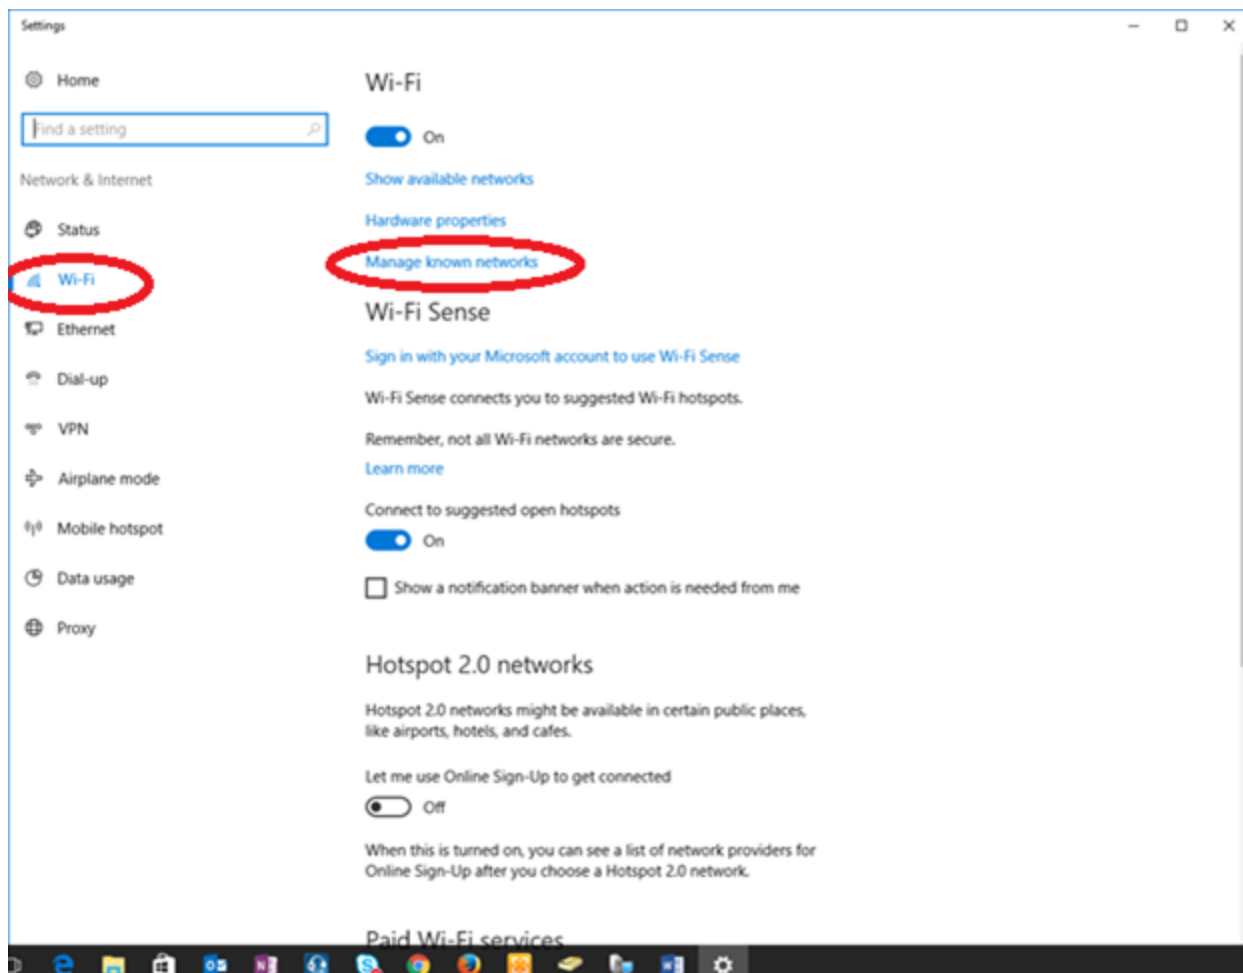

IMAGE 3: Network Settings box

In Manage Known Networks select "Beachnet+" by clicking on it and then click the "Forget" button. (If Beachnet-guest-access is also located in your known networks, "Forget" that network as well.)

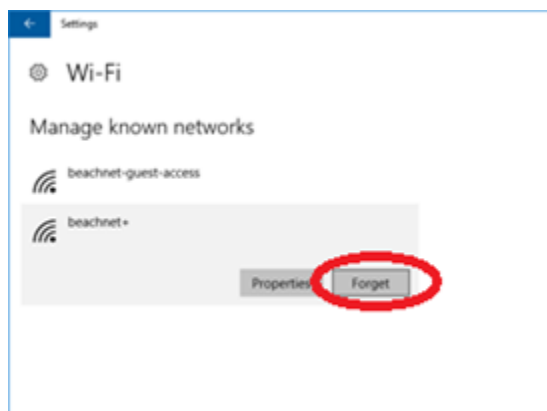

IMAGE 4: Manage known networks box

Once removed/forgotten, return to the Wi-Fi Dock, select "beachnet+", be sure "Connect Automatically" is checked then click the "Connect" button.

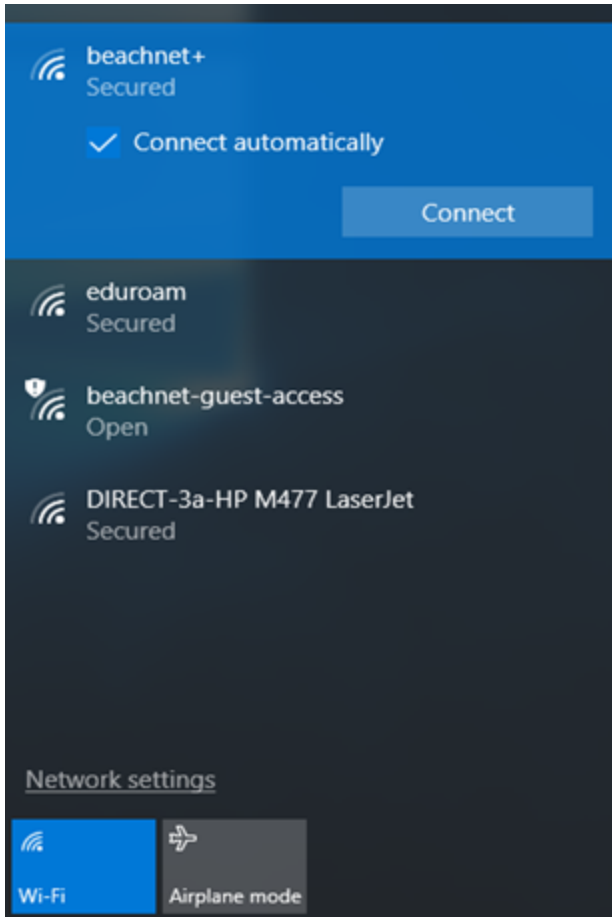

IMAGE 5: Wifi Dock

Input your Campus ID and BeachID password and click the "OK" button.

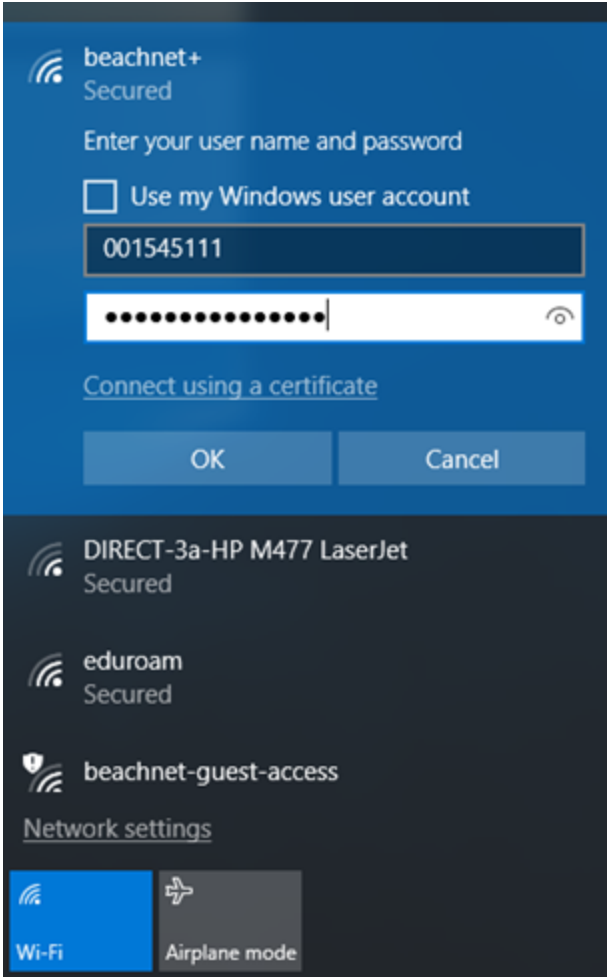

IMAGE 6: Network Authentication box

Click the "Connect" button to complete the connection to Beachnet+ and verify connection once connected.
